

Transforming Higher Education Spaces

**AURA'S INTEGRATED APPROACH TO INTERIOR
DESIGN AND CONSTRUCTION**

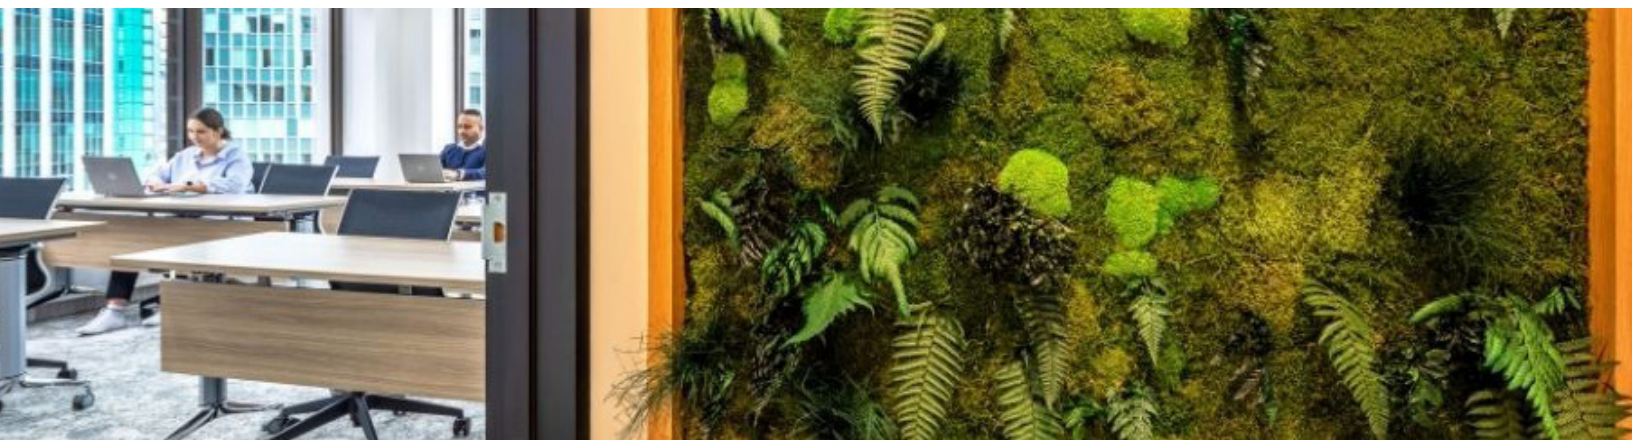

Aura has emerged as a trusted partner for **higher education institutions and universities** seeking to transform their campus environments into beautifully designed and highly functional spaces that align with their strategic initiatives.

By understanding the unique needs and objectives of each institution, Aura Office has been instrumental in redefining the way higher education institutions approach interior design and space planning. Through our collaboration with a range of esteemed institutions, Aura has demonstrated its commitment to elevating the on-campus experience for both students and the broader community.

We assist in the actualization of academic visions through strategic facility planning, the design of new classroom and student amenities, and facility upgrades that modernize institutions. We collaborate with various campus communities of all sizes, scales, and backgrounds, including community, technical colleges, and private universities.

HIGHER EDUCATION INSTITUTIONS WE HAVE WORKED WITH:

- **Sprott Shaw College**
- **Ascenda School of Management Vancouver**
- **Nicola Valley Institute of Technology**
- **Educacentre College**
- **Hanson College**
- **Canadian College of Naturopathic Medicine**
- **City University**

Aura's Integrated Approach and Project Efficiency

Aura recognizes that a well-designed campus environment extends beyond classrooms and lecture halls. By investing in the physical infrastructure, institutions can create more student-friendly spaces for studying, socializing, and exercising. We consider various aspects of campus life, including libraries, study lounges, common areas, fitness centers, administrative spaces, and recreational facilities. By harmonizing amenity spaces, it ensures that higher education institutions offer an integrated, holistic experience that encourages students to thrive academically and socially.

In an era where the physical campus plays a crucial role in shaping the overall student experience, Aura's dedication to innovation and excellence is helping educational institutions remain competitive and forward-thinking. Our collaborative efforts with higher education institutions across Canada exemplify how thoughtful design can support strategic initiatives, enhance the student experience, and ultimately contribute to the long-term success of these institutions in a dynamic and ever-evolving educational landscape.

“More than **three out of four Canadian universities** reference **equity, diversity, and inclusion** (EDI) in their institution’s strategic and long-term planning documents and **70%** have developed or are **developing an EDI action plan.**”

DELOITTE: The Case for a Student-Centric Campus

DESIGNING BEYOND THE CLASSROOM

Aura recognizes that a well-designed campus environment extends beyond classrooms and lecture halls. By investing in the physical infrastructure, institutions can create more student-friendly spaces for studying, socializing, and exercising. We consider various aspects of campus life, including libraries, study lounges, common areas, fitness centers, administrative spaces, and recreational facilities. By harmonizing amenity spaces, it ensures that higher education institutions offer an integrated, holistic experience that encourages students to thrive academically and socially.

In an era where the physical campus plays a crucial role in shaping the overall student experience, Aura's dedication to innovation and excellence is helping educational institutions remain competitive and forward-thinking. Our collaborative efforts with higher education institutions across Canada exemplify how thoughtful design can support strategic initiatives, enhance the student experience, and ultimately contribute to the long-term success of these institutions in a dynamic and ever-evolving educational landscape.
